- Do you see yourself as a maker and are you good at handling phone calls until the „receiver glows“?
- You think in a networked way, resistance does not stop you and a „no“ drives you to top performance?
- Have you already built up a track record of successful contract closures?

If you can answer with „yes“ to these questions, we should get in touch: For our location in Munich, Germany or Cluj-Napoca, Romania we are looking for you as Key Account Manager SaaS and Integration (m/f/d). As Key Account Manager, you will open sales channels for our Life Cycle Management SaaS solution and play a key role in driving our business growth.

## Business Solution Manager
